February 8, 2008

**To : Members of the Faculty of Business Graduate Curriculum
and Policy Committee**

From : Medy Espiritu *Medy Espiritu*
Assistant Secretary & SynApps System Administrator

The next meeting of the Faculty of Business Graduate Curriculum and Policy Committee will be held on **Wednesday, February 13, 2008 at 3:00 p.m. in DSB-510.**

Listed below are the agenda items for discussion.

Should you be unable to attend this meeting, please notify me at extension 24204 or email espiritu@mcmaster.ca.

A G E N D A

- I. Minutes of the meeting of November 28, 2007
- II. Business Arising
- III. MBA Curriculum Proposals from the Information Systems Area
- IV. Ph.D. Curriculum Proposals from the Information Systems Area
- V. MBA Curriculum Proposals from the Accounting and Financial Management Services Area:
 - Cancellation of the following courses from the Management Accounting Specialization
 - o A741
 - o A742
 - Add the following course to the Management Accounting Specialization:
 - o A740 (combination of A741 and A742) – new course
 - Add the following course to the Accounting and Financial Management Services Specialization:
 - o P745

- VI. MBA Curriculum Proposals from the Finance and Business Economics Area:
- Anti-requisites for the Finance Specialization and Minor
 - o F724: Anti-requisite V705
 - o F726: Anti-requisite V702
 - New Courses:
 - o F733
 - o F720
- VII. MBA Curriculum Proposals from the Strategic Market Leadership & Health Services Management Area:
- Strategic Business Valuation Specialization and Minor
 - o Current Listing:
V702 Investor Psychology/Behavioural Finance
F724 Venture Capital (V705 for Fall 2007)
 - o Recommended change:
V702 Behavioural Finance (Anti-requisite F726)
V705 Venture Capital (Anti-requisite F724)
 - Course code change: M741 to a “P” designation
 - Health Services Management Specialization
 - o Cancellation of courses: C723 and C751
 - o Cross list C711 with Faculty of Health Sciences
 - o Anti-requisite: C741 and M722
 - Cancellation of Courses:
 - o P724
 - o M735 (New Products)
 - New Courses:
 - o P745
 - Include as an elective option for the Strategic Marketing Specialization, Accounting and Financial Management Services Specialization, Management Accounting Specialization and Accounting and Financial Management Services Minor
 - o M724 (Innovation and New Products)
 - required course for MINT specialization as well as MINT Minor
 - elective from the MINT specialization as well as from the MINT minor electives list
 - P741 be offered as an elective in MINT Specialization replacing the existing elective course M735 (New Products), and is added to the MINT minor elective list
 - MINT Specialization
 - o F724 Venture Capital course be added to the MINT Specialization and MINT Minor electives list
- VIII. Other Business

**FACULTY OF BUSINESS GRADUATE CURRICULUM AND
POLICY COMMITTEE**

NOVEMBER 28, 2007, 2:30 P.M.

DSB-421

PRESENT: Dr. M. Head (Chair), Dr. P. Abad, Ms. A. Bedi, Dr. D. Goellnicht, Mr. D. Green, Dr. K. Hassanein, Dr. E. Kleinschmidt, Dr. C. Kwan, Mr. R. Liddell, Dr. K. Nainar, Mr. J. Scime (Secretary), Dr. W. Wiesner, Mrs. M. Espiritu (Assistant Secretary)

BY INVITATION: Dr. L. Chan, Dr. P. Wakefield

REGRETS: Dr. N. Agarwal

I. MINOR IN STRATEGIC BUSINESS VALUATION

Dr. Wakefield explained the proposal to allow students in the MBA program to obtain a minor in Strategic Business Valuation. There was one correction in the document: course number *V705 should be replaced with *F724.

Dr. Kleinschmidt moved, and Dr. Kwan seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the proposal to allow students in the M.B.A. program to obtain a minor in Strategic Business Valuation.”

The motion was carried.

II. HEALTH SERVICES MANAGEMENT SPECIALIZATION

Dr. Head explained the recommendation to admit “accelerated” MBA students into the Health Services Management Specialization, provided that students have a minimum of one year’s work experience in the health care industry at the time of their application.

Dr. Nainar moved, and Dr. Wiesner seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the proposal to admit ‘accelerated’ MBA students to the Health Services Management Specialization program.”

The motion was carried.

III. CALENDAR COPY: MASTER OF PROFESSIONAL ACCOUNTANCY

Dr. Chan reviewed the calendar copy by discussing the objectives, admission requirements, and program requirements for the Master of Professional Accountancy program.

Dr. Nainar moved, and Dr. Wiesner seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the calendar copy for the Master of Professional Accountancy, as outlined in the document.”

In response to a question, Dr. Chan explained that students in the program are given the opportunity to complete the 51-credit requirement for the Chartered Accountant (CA) designation, the prerequisite studies for the Certified Management Accountant (CMA) designation, and the courses required for Level 4 Advanced Studies and the Public Practice option of the PACE program for the Certified General Accountants (CGA) designation.

Dr. Hassanein commented that the last sentence in the *Program Requirements* section (page 2) of the document is quite confusing. After the discussion, the committee decided to reword the sentence as follows: *Depending on their undergraduate program of study, students can apply for course exemption of up to a maximum of four half-courses, or they may be required to complete some preparatory courses prior to admission. Additional courses may be required to meet the credit requirement of different professional accounting organizations.*

The motion was **carried** (subject to the amendment in the *Program Requirements* section of the document).

IV. NEW COURSES FOR THE MASTER OF PROFESSIONAL ACCOUNTANCY

Dr. Chan discussed the new courses for the Master of Professional Accountancy:

A700 – Emerging Issues in Professional Accountancy
A704 – Advanced Accounting Topics
A746 – Advanced Auditing
A747 – Computer Control and Auditing
A751 – Earnings Quality and Equity Analysis

There were some minor revisions to the new courses: A700 and A704 will be offered in September 2009, A746 and A747 will be offered in May 2009, and A751 in January 2009.

Dr. Nainar moved, and Dr. Wiesner seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the new courses A700, A704, A746, A747, and A751 for the Master of Professional Accountancy program.”

One member asked if there is a plan to offer these courses in the MBA program. Dr. Chan explained that the new courses were tailored specifically for the Master of Professional Accountancy program.

The motion was **carried**.

V. COURSE NUMBER CHANGE (A737 TO A745)

The faculty recommended changing course number A737 – Assurance to A745 to align the sequence of courses in assurance and auditing.

Dr. Nainar moved, and Dr. Wiesner seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the change in course number from A737 to A745, as described in the document.”

The motion was carried.

VI. CHANGES TO THE MANAGEMENT ACCOUNTING SPECIALIZATION

The faculty proposed to change course P722 from a required to an elective course and A745 from an elective to a required course.

Dr. Wiesner moved, and Dr. Nainar seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the proposal to change course P722 from a required to an elective course and A745 from an elective to a required course, as described in the document.”

The motion was carried.

VII. ANTI-REQUISITE: A751 FOR A750

Dr. Head explained that A751 – Earnings Quality and Equity Valuation should be an anti-requisite for A750 – Financial Statement Analysis because “financial statement analysis” is a topic that both courses have in common.

Dr. Nainar moved, and Dr. Wiesner seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the listing of A751 as an anti-requisite to A750.”

The motion was carried.

VIII. NEW COURSES: F733 AND F720

The faculty is proposing two new courses F733 and F270.

Dr. Kwan moved, and Dr. Nainar seconded,

“that the Faculty of Business Graduate Curriculum and Policy Committee approve the new courses F733 – Financial Risk Management and F720 – Small Business/Entrepreneurial Finance, as described in the documents.”

The motion was carried.

There was no other business, and the meeting adjourned at 3:40 p.m.

MBA Calendar Changes- Information Systems Area

- Cancellation of courses:
 - K721
 - K726
 - K732
 - K733

- Remove the following courses from the eBusiness specialization list:
 - O715
 - ECE745
 - ECE768
 - ECE787

- Modify the title for K735
- Modify the title and description for K723
- Modify the title and description for K737
- Remove the reference to “*” designated courses under the eBusiness Specialization.

RECOMMENDATION FOR CHANGE IN GRADUATE CURRICULUM
(Revised November 2003)

PLEASE NOTE:

1. All sections of this form **must** be completed. This form should be **signed** by the department chair or graduate advisor.
2. A *Recommendation for Change in Graduate Curriculum* form must be completed for **all** course changes.
3. A departmental representative will be required to attend the Faculty Curriculum & Policy Committee at which this recommendation for change in graduate curriculum is to be discussed.

CONTENT/RATIONALE (Give a brief description, i.e. outline the topics or major sub-topics, and indicate the principal texts to be used. In the Faculty of Science, please indicate whether the course is an Inquiry course.)

This advanced MBA course introduces basic data mining technologies and their use for business intelligence. Students will learn how to analyze the business needs for knowledge discovery in order to create competitive advantages and how to apply data mining technologies appropriately in order to realize their real business value. Students will gain hands-on experience through assignments and a real world project.

The course will cover the following topics:

- The need for business intelligence
- Data mining methods and process
- Data mining technologies
- Data mining applications
- Data Mining case studies

Suggested textbook:

Data Mining and Business Intelligence: A Guide to Productivity by Stephan Kudyba, Richard Hoptroff

BRIEF DESCRIPTION FOR CALENDAR (maximum 6 lines) (Provide a brief description to be included in the Graduate Calendar)

This advanced MBA course introduces basic data mining technologies and their use for business intelligence. It is a very important topic not only for MBA students in MS/IS area but also for MBA students in other areas such as finance, marketing, healthcare etc. Students will learn how to analyze the business needs for knowledge discovery in order to create competitive advantages and how to apply data mining technologies appropriately in order to realize their real business value. Students will gain hands-on experience through assignments and a real world project.

CONTENT/RATIONALE (Give a brief description, i.e. outline the topics or major sub-topics, and indicate the principal texts to be used. In the Faculty of Science, please indicate whether the course is an Inquiry course.)

This course will give students an opportunity to develop skills in analyzing and formulating strategies in managerial contexts involving eBusiness, innovation, entrepreneurship and commercialization of new products/services. The course will also focus on developing business presentation skills for students. The learning objectives of this course are accomplished by having teams of students repeatedly analyze and present different cases and receive detailed feedback following each presentation. Cases are carefully selected to expose students to a variety of situations involving eBusiness initiatives, and innovative technologies in start ups as well as in established firms in various industries.

4. Method of Evaluation: <i>(Indicate the <u>Extra Work</u> to be required of graduate students in a 600-level course, i.e. exams, essays, etc.)</i> Case Presentations 60% Presentation Evaluation 20% Class Participation 20%		
5. To prevent overlap, is a course in the same or a related area being given in another department? If so, please attach to this form any relevant correspondence with the other department(s). 		
6. If the proposed course is to be cross-listed in another department, please attach to this form relevant correspondence with the department. 		
7. If the course is intended primarily for students outside your department, do you have the support of the department/program concerned? 		
If the School of Graduate Studies has any questions regarding this change, who should be contacted? Name: Khaled Hassanein Email: hassank@mcmaster.ca Ext. 23956		
Department Chair or Graduate Advisor (Signature)		Date:

If you have any questions regarding this form, please contact the Committee and Calendar Coordinator, School of Graduate Studies, extension 24204.

Ph.D. Calendar Changes – Information Systems Area

- Remove the following courses:
 - o K781
 - o K782
 - o K783
- Add the following courses:
 - o K779
 - o K791
 - o K792
- Modify the title of K778

Page 62: Ph.D. in IS field course requirements currently reads:

For the IS field, the two Ph.D. seminar courses (B780, B782), two IS Ph.D. courses (chosen from K778, K781, K782 and K783), and three MBA information systems courses (chosen from K721, K723, K724, K725, K726, K731, K733, K735, K737 and O734,) must be taken.

Changes to:

For the IS field, the two Ph.D. seminar courses (B780, B782), two IS Ph.D. courses (chosen from K778, K779, K791 and K792), and three MBA information systems courses (chosen from K723, K724, K725, K731, K737 and O734) must be taken.

RECOMMENDATION FOR CHANGE IN GRADUATE CURRICULUM
(Revised November 2003)

PLEASE NOTE:

1. All sections of this form **must** be completed. This form should be **signed** by the department chair or graduate advisor.
2. A *Recommendation for Change in Graduate Curriculum* form must be completed for **all** course changes.
3. A departmental representative will be required to attend the Faculty Curriculum & Policy Committee at which this recommendation for change in graduate curriculum is to be discussed.

CONTENT/RATIONALE (Give a brief description, i.e. outline the topics or major sub-topics, and indicate the principal texts to be used. In the Faculty of Science, please indicate whether the course is an Inquiry course.)

The objective of this PhD seminar course is to look at the state of the art in assessing, capturing and sharing organizational knowledge resources through information systems. The business environment is increasingly competitive and the rate of innovation is rising. Companies compete with each other in ways different from before. To this end, knowledge plays a unique role in building and conserving an organization's core competencies through knowledge networking. Knowledge management can be defined as a formal, directed process of determining what knowledge individuals within a company have that could benefit others in the company, then devising ways of making it easily available through knowledge-based systems.

Partial list of topics covered: Knowledge Processors and Processing, Influences on Knowledge Processing, Technologies for Knowledge Management.

Textbook: Selected readings from Handbook on Knowledge Management (volumes 1 & 2), Holsapple (Editor), 2004.

BRIEF DESCRIPTION FOR CALENDAR (maximum 6 lines) (Provide a brief description to be included in the Graduate Calendar)

CONTENT/RATIONALE (Give a brief description, i.e. outline the topics or major sub-topics, and indicate the principal texts to be used. In the Faculty of Science, please indicate whether the course is an Inquiry course.)

This advanced PhD course has been offered three times in past as a PhD specific topic course. Because of its importance in information systems research and business practice, it should be set up permanently as one of the IS PhD courses. This course discusses important issues on security, privacy, and trust and addresses them from business, technology, and government regulation perspectives.

The topics include:

- General principle of risk analysis
- Security policy and security management
- Security protection technologies
- Consumer concerns on privacy violation
- Privacy protection laws and business self-regulations
- The relationships between security, privacy and trust
- Approaches for trust building and enhancement

Students are required to make seminar presentations and write a research paper on selected topics.

Y.L. Chan
Associate Professor
Accounting and Financial Management Services Area
ylchan@mcmaster.ca; ext. 23974

Date: January 17, 2007

To: Milena Head, Chair
Graduate Curriculum and Policy Committee

From: Lilian Chan
Accounting and Financial Management Services Area

RE: Curriculum Changes

Please include the following items for approval at the Graduate Curriculum and Policy Committee.

1. Management Accounting Specialization

Motion: That Business A741: Strategic Management Accounting Issues for Start-Up and Growing Companies and Business A742: Strategic Management Accounting Issues for Matured and Declining Companies be combined into one single course, Business A740: Strategic Management Accounting.

Rationale: The Management Accounting specialization provides students a unique opportunity to work towards the Certified Management Accounting (CMA) designation while completing the MBA program of study. The combination of Business A741 and Business A742 into one single course Business A740 reflects the recent changes in the curriculum and focus of CMA Canada's Strategic Leadership Program.

2. New Course, Business A740: Strategic Management Accounting

Motion: That Business A740: Strategic Management Accounting be a required course for the Management Accounting specialization.

Rationale: Business A740 is developed to incorporate CMA Canada's Strategic Leadership Program in the Management Accounting specialization.

3. Program Requirement for Management Accounting Specialization

Motion: That the program requirement for the Management Accounting Specialization be changed to include the new course, Business A740: Strategic Management Accounting, and exclude the elective course.

Rationale; Management Accounting specialization is a 22-course program. With the combination of Business A741 and Business A742 into one single course, Business A740, (Motions 1 and 2) and the elimination of an elective course, the proposed program requirement of the Management Accounting specialization is a 20-course program, which is consistent with all other specializations in the MBA programs.

Current Program Requirement:

Required:

BUS P700	Business, Government and the Global Environment
BUS P720	Strategic Management
BUS A701	Intermediate Financial Accounting I
BUS A702	Intermediate Financial Accounting II
BUS A703	Advanced Financial Accounting
BUS A721	Management Accounting Information for Strategic Development
BUS A723	Accounting Information Systems
BUS A732	Financial Planning: The Tax Perspective
BUS A741	Strategic Management Accounting Issues in Start-up and Growing Companies
BUS A742	Strategic Management Accounting Issues in Matured and Declining Companies
BUS A745	Assurance

and one of the following:

BUS A718/28/38	Selected Topics in Accounting
BUS B712	Managerial Negotiations
BUS B730	Strategic Management of Technology
BUS F712	Applied Corporate Finance
BUS F721	Mergers, Acquisitions and Corporate Control
BUS K724	eBusiness Strategies
BUS M734	Strategic Marketing Analysis
BUS M735	New Products
BUS O734	Supply Chain Management
BUS P722	Legal Aspects of Business
BUS P727	Strategic Knowledge Management

Proposed Program Requirement:

Required:

BUS P700	Business, Government and the Global Environment
BUS P720	Strategic Management
BUS A701	Intermediate Financial Accounting I
BUS A702	Intermediate Financial Accounting II
BUS A703	Advanced Financial Accounting
BUS A721	Management Accounting Information for Strategic Development
BUS A723	Accounting Information Systems
BUS A732	Financial Planning: The Tax Perspective
BUS A740	Strategic Management Accounting
BUS A745	Assurance

SCHOOL OF GRADUATE STUDIES

RECOMMENDATION FOR CHANGE IN GRADUATE CURRICULUM - FOR CHANGE(S) INVOLVING COURSES

PLEASE READ THE FOLLOWING NOTES BEFORE COMPLETING THIS FORM:

1. This form must be completed for **ALL** course changes. All sections of this form **must** be completed.
2. An electronic version of this form must be emailed to the Assistant Secretary and SynApps System Administrator (Email: espiritu@mcmaster.ca).
3. A representative from the department is required to attend the Faculty Curriculum and Policy Committee meeting during which this recommendation for change in graduate curriculum will be discussed.

DEPARTMENT/PROGRAM		DeGroote School of Business/MBA - Management Accounting Specialization		
COURSE TITLE		Strategic Management Accounting Issues in Start-Up and Growing Companies		
COURSE NUMBER	BUS A741	COURSE CREDIT		
		FULL COURSE ()	HALF COURSE (X)	QUARTER (MODULE) ()
INSTRUCTOR(S)		Y.L. Chan		
PREREQUISITE(S)		Registration in Management Accounting Specialization

Selected readings from academic and professional journals (see attached Reading List).				

Business A740
Strategic Management Accounting
Winter 2009 Course Outline

Accounting and Financial Management Services
DeGroote School of Business
McMaster University

COURSE OBJECTIVE

An objective of this course is to examine an organization's core competence and how successful organizations exploit their core competence to develop a strategic advantage, with a focus on developing the management accounting skills required in effectively implementing strategies. Another objective of this course is to provide students an understanding of the risk affiliated with an organization, the role of management accounting in mitigating such organization risk, and developing the strategic management accounting skills required in incorporating risk management in effectively implementing strategies.

COURSE DESCRIPTION

This course examines the challenges executives face and attempts to develop the strategic management skills required for effective implementation of organizational strategies. Topics include developing corporate and business strategies, strategy mapping and balanced scorecard. Other topics covered include risk management, value chain analysis, product life-cycle management, supply chain management, theory of constraints and capacity management, and management of organizational change.

LEARNING OUTCOMES

Upon completion of this course, students will be able to complete the following key tasks:

- Understand the nature and different levels of business strategy and the important role played by management accounting in supporting each level.
- Understand the importance of risk management in strategy formulation, implementation and management.
- Apply strategy mapping and balanced scorecard in an organization's strategic management system.
- Understand the importance of risk management in implementation of organizational strategies.
- Apply relevant management accounting tools, including value chain analysis, product life cycle management, supply chain management, theory of constraints and capacity management, environmental cost management, in implementing organizational strategies effectively.
- Learn the skills required to develop the capacity to manage organizational change and renewal as well as to understand the role of the management accountants in the managing organizational change.

REQUIRED COURSE MATERIALS AND READINGS

Simons, Robert. Performance Measurement and Control Systems for Implementing Strategy, Prentice Hall, New Jersey, 2000.	\$ CAD
• purchase a copy at the bookstore	
Courseware – selected case studies from Ivey Publishing, Harvard Business School Publishing, Darden Publishing, etc.	\$ CAD
• purchase a copy at the bookstore	

OPTIONAL COURSE MATERIALS AND READINGS

Selected readings from academic and professional journals (see Attachment).

EVALUATION

Learning in this course results primarily from assigned readings, guest lectures, in-class discussion of assigned readings and case studies, case reports, and presentations. Participation in class discussion is an important evaluative component and group work is required in case analysis. In these cases, group members will share the same grade. Your final grade will be calculated as follows:

Components and Weights

Class Participation	10%
Case Reports and Presentation (Group)	45%
Term Paper/Case Report (Individual)	15%
Final Exam	<u>30%</u>
Total	<u>100%</u>

The instructor reserves the right to adjust the student's final grade by one grade point based on his/her overall performance for the course.

Conversion

At the end of the course your overall percentage grade will be converted to your letter grade in accordance with the following conversion scheme.

LETTER GRADE	PERCENT	LETTER GRADE	PERCENT
A+	90 - 100	C+	60 - 64
A	85 - 89	C	55 - 59
A-	80 - 84	C-	50 - 54
B+	75 - 79	F	0 - 49
B	70 - 74		
B-	65 - 69		

Communication and Feedback

Students that are uncomfortable in directly approaching an instructor regarding a course concern may choose to send a confidential and anonymous email to the respective Area Chair at:

<http://www.degroote.mcmaster.ca/curr/emailchairs.aspx>

Students who wish to correspond with instructors directly via email must send messages that originate from their official McMaster University email account. This protects the confidentiality and sensitivity of information as well as confirms the identity of the student.

Instructors should conduct an informal course review with students by Week #4 to allow time for modifications in curriculum delivery.

Participation

Class participation is an essential part of the course. Students are expected to study the assigned materials in advance, attempted the assigned problems and cases, and be prepared to discuss them during class. Marks assigned for class participation will be based mostly on discussions of cases and problems. There are no marks assigned for class attendance.

Case Study

Students will be required to (a) hand in two case reports or (b) present one case and hand in one case report. Students may wish to work on these cases in small groups of at most two. Whether the case presentation and report is done individually or in small groups will depend on the total enrolment in the course.

The case report must be of professional quality, typed, double-spaced with reasonable fonts (size 11) and margins (1"). The case report should include (i) a brief introduction identifying the relevant organizational/accounting problems and issues; (ii) a detailed analysis of the issues with recommendations; and (iii) a conclusion. It is expected that the written case will be presented as a logical argument based on sound analysis of the case facts and not on opinion or speculation. Point-form analysis is not acceptable. The report must be short, that is, less than five double-spaced typed pages, concise and to the point. Excessive length, excessive verbosity, lack of precision or otherwise poor writing skill will affect your grade.

Case reports are due on the day of the case presentation. Late submission will not be accepted for marking, i.e., a grade of **ZERO** will be assigned accordingly.

Case presentation must be of professional quality and all group members have to participate in the presentation. Each case presentation is limited to 30 minutes and the instructor reserves the right to terminate a presentation, if necessary.

Term Paper/Case Report

Students are required to select a topic on strategic management accounting, write an essay about its relevance in managing organizational strategies. The essay is not limited to topics covered in the course. Alternatively, a case may be assigned in lieu of the term paper.

The essay must be of professional quality, typed, double-spaced with reasonable fonts (11) and margins (1"). It must be short, that is, less than ten pages and consists of a literature review of the strategic management accounting topic (at least ten references and none of which may be textbooks from any field). An outstanding essay will include a detailed research of the topic and a critical analysis of its relevance to managing start-up and growing companies.

Final Exam

There will be one comprehensive final examination. The rules customarily followed by the DeGroote School of Business will govern absence from the examinations.

NOTE: The use of a McMaster standard calculator (Casio FX-991) is allowed during examinations in this course. See McMaster calculator policy at the following URL:

<http://www.mcmaster.ca/senate/academic/calculat.htm>

ACADEMIC DISHONESTY

Your attention is directed to the **ACADEMIC INTEGRITY POLICY, ANY VIOLATIONS** will be dealt with according to this policy.

Academic dishonesty consists of misrepresentation by deception or by other fraudulent means and can result in serious consequences, e.g., the grade of zero on an assignment, loss of credit with a notation on the transcript (notation reads: "Grade F assigned for academic dishonesty."), and/or suspension or expulsion from the university.

It is your responsibility to understand what constitutes academic dishonesty. For information on the various kinds of academic dishonesty, please refer to the Academic Integrity Policy, specifically Appendix 3, located at http://www.mcmaster.ca/senate/academic/ac_integrity.htm.

The following illustrates only three forms of academic dishonesty:

1. Plagiarism, e.g., the submission of work that is not one's own for which other credit has been obtained.
2. Improper collaboration in group work.
3. Copying or using unauthorized aids in tests and examinations.

In this course, we will be using a web-based service (Turnitin.com) to reveal plagiarism. Students will be expected to submit their work electronically to Turnitin.com and in hard copy so that it can be checked for academic dishonesty. Students who do not wish to submit their work to Turnitin.com must still submit a copy to the instructor. No penalty will be assigned to a student who does not submit work to Turnitin.com. All submitted work is subject to normal verification that standards of academic integrity have been upheld (e.g., Google search, etc.). To see [Guidelines for the Use of Turnitin.com](http://www.mcmaster.ca/academicintegrity), please go to <http://www.mcmaster.ca/academicintegrity>.

For this course, students will be expected to submit Case Reports and Term Paper electronically to www.turnitin.com. The submission can be done by creating a user profile with your email address at McMaster and login with the class id: **TBD** and password: **TBD**. Students are not required to submit Appendices, Tables and Exhibits with numerical analysis to Turnitin.com. In the submission of assignments and case reports, students should include only their student numbers on their submitted work.

COPYRIGHT

McMaster University has signed a license with the Canadian Copyright Licensing Agency (Access Copyright) which allows professors, students, and staff to make copies allowed under *fair dealing*. Fair dealing with a work does not require the permission of the copyright owner or the payment of royalties as long as the purpose for the material is private study, and that the total amount copied equals **NO MORE THAN 10 percent** of a work or an entire chapter which is less than 20 percent of a work. In other words, it is illegal to: i) copy an entire book, or ii) repeatedly copy smaller sections of a publication that cumulatively cover over 10 percent of the total work's content. Please refer to the following copyright guide for further information:

<http://library.mcmaster.ca/about/copying.pdf>

POLICY ON MISSED MID-TERM EXAMINATIONS / TESTS

Where students miss a regularly scheduled midterm for legitimate reasons as adjudicated by the Academic Programs Office (APO), the weight for that test will be distributed across other evaluative components of the course at the discretion of the instructor.

Documentation explaining such an absence must be provided to the APO within five (5) working days upon returning to school. The approved McMaster Medical Form must be used to document absence for health related reasons. If an examination is missed without a valid reason, students will receive a grade of Zero (0) for that component. University policy states that a student may submit a maximum of three (3) medical certificates per year after which the student must meet with the Director of the program.

Please see the following URL for APO forms:

<http://www.degroot.mcmaster.ca/curr/academ/undergr/forms.aspx>

Students unable to write at the posted examination time due to the following reasons: religious; work-related (for part-time students only); representing university at an academic or varsity athletic event; and conflicts between two overlapping scheduled midterm examinations, have the option of applying for special examination arrangements. Such requests must be made to the APO at least ten (10) working days before the scheduled examination along with acceptable documentation. There will be only one common sitting for the special examination.

Instructors cannot themselves allow students to unofficially write make-up exams/tests. Adjudication of the request must be handled by the APO.

STUDENTS WITH DISABILITIES

Students with disabilities are required to inform the Centre for Student Development (CSD) of accommodation needs for examinations on or before the last date for withdrawal from a course without failure (please refer to official university sessional dates). Students must forward a copy of such CSD accommodation to the instructor immediately upon receipt. If student with a disability chooses NOT to take advantage of a CSD accommodation and chooses to sit for a regular exam, a petition for relief may not be filed after the examination is complete. The CSD website is:

<http://csd.mcmaster.ca>

RESEARCH USING HUMAN SUBJECTS

Research involving human participants is premised on a fundamental moral commitment to advancing human welfare, knowledge and understanding. As a research intensive institution, McMaster University shares this commitment in its promotion of responsible research. The fundamental imperative of research involving human participation is respect for human dignity and well-being. To this end, the University endorses the ethical principles cited in the Tri-Council Policy Statement: Ethical Conduct for Research Involving Humans:

<http://www.pre.ethics.gc.ca/english/policystatement/policystatement.cfm>

McMaster University has mandated its Research Ethics Boards to ensure that all research investigations involving human participants are in compliance with the Tri-Council Policy Statement. The University is committed, through its Research Ethics Boards, to assisting the research community in identifying and addressing ethical issues inherent in research, recognizing that all members of the University share a commitment to maintaining the highest possible standards in research involving humans.

If you are conducting original research, it is vital that you behave in an ethical manner. For example, everyone you speak to must be made aware of your reasons for eliciting their responses and consent to providing information. Furthermore, you must ensure everyone understands that participation is entirely voluntary. Please refer to the following website for more information about McMaster University's research ethics guidelines:

http://www.mcmaster.ca/ors/ethics/students_intro.htm

Organizations that you are working with are likely to prefer that some information be treated as confidential. Ensure that you clarify the status of all information that you receive from your client. You **MUST** respect this request and cannot present this information in class or communicate it in any form, nor can you discuss it outside your group. Furthermore, you must continue to respect this confidentiality even after the course is over.

STUDENT EVALUATION OF TEACHING

It is the policy of the DeGroote School of Business to administer the Student Evaluation of Teaching forms towards the end of the semester and students are expected to participate in these evaluations.

Giri Kanagaretnam
Associate Professor
Accounting and Financial Management Services Area
giri@mcmaster.ca; ext. 27857

Date: January 25, 2007

To: Milena Head, Chair
Graduate Curriculum and Policy Committee

From: Giri Kanagaretnam, Acting Chair
Accounting and Financial Management Services Area

RE: Curriculum Changes

Please include the following item for approval at the Graduate Curriculum and Policy Committee.

Motion: That Business P745: Corporate Governance to be included as one of the five elective courses for the Accounting and Financial Management Services specialization and as one of the electives for the minor in Accounting and Financial Management Services.

Rationale: In depth knowledge of corporate governance issues related to financial disclosure and control has been identified as one of the key topic by all professional associations (CA, CMA and CGA) in accounting.

BRIEF DESCRIPTION FOR CALENDAR - Provide a brief description (maximum 6 lines) to be included in the Graduate Calendar. Corporate governance deals with the complex set of relationships between the corporation and its board of directors, management, shareholders, and other stakeholders. This course will help students understand the nature of corporate governance systems in Canada, the U.S. and other major industrialized countries and enable them to better understand the determinants of good - as opposed to bad - governance. A major course goal is to equip students to ultimately be effective as directors or advisors to corporate and not for profit boards. Students will emerge with an enhanced appreciation of the legal, economic, managerial and psychological issues directors confront as well as functional knowledge concerning their normal duties.				
CONTENT/RATIONALE - Provide a brief description, i.e., outline the topics or major sub-topics, and indicate the principal texts to be used. OBJECTIVES: (1) To convey an understanding of corporate governance and how it is formulated and implemented. (2) To develop the perspective required to become effective members of organizational boards of directors. (3) To develop: students' business judgement, their ability to present and defend their opinions, their skills in problem diagnosis, governance analysis and articulation of an implementable governance plan, and their ability to think critically. (4) To develop an appreciation of the governance characteristics of companies of various sizes, in various industries, and in various countries. TEXT: Courseware readings and cases (5) To conduct a major group research project on an important governance topic.				

1. STATEMENT OF PURPOSE (How does the course fit into the department's program?)

The DeGroote School of Business has pioneered the certification of corporate directors in Canada through The Directors College - a joint venture between the University and the Conference Board of Canada. This course shows the commitment of McMaster to governance education as a vital part of an MBA's leadership training.

2. EXPECTED ENROLMENT:

25

3. DESCRIBE IN DETAIL THE METHOD OF PRESENTATION OF COURSE MATERIAL (i.e., lectures, seminars):

Lectures 40%; Case discussions 60%

4. DESCRIBE IN DETAIL THE METHOD OF EVALUATION: (For 600-level course, indicate the Extra Work to be required of graduate students, i.e., exams, essays, etc.)

Registering at Board Match Online	5%
Final Report/Field Exercise	60%
Final report presentation	15%
Class participation – Mid Term Feedback	10%
Class participation – End Term	10%
Total	100%

5. TO PREVENT OVERLAP, IS A COURSE IN THE SAME OR A RELATED AREA OFFERED IN ANOTHER DEPARTMENT? IF YES, PLEASE ATTACH TO THIS FORM ANY RELEVANT CORRESPONDENCE WITH THE OTHER DEPARTMENT(S).

NO

6. IF THE COURSE IS INTENDED PRIMARILY FOR STUDENTS OUTSIDE YOUR DEPARTMENT, DO YOU HAVE THE SUPPORT OF THE DEPARTMENT/PROGRAM CONCERNED?

N/A

BRIEF DESCRIPTION FOR CALENDAR - Provide a brief description (maximum 6 lines) to be included in the Graduate Calendar. This course is intended for students who wish to enhance their skill and knowledge in those areas of business that lead to successful entrepreneurship and/or small business management. The focus will be on those financial issues and decisions of particular concern to sole proprietors, partnerships, family-owned businesses and small non-public corporations. This will include the financial aspects of the relationship between the firm and its owners.				
CONTENT/RATIONALE - Provide a brief description, i.e., outline the topics or major sub-topics, and indicate the principal texts to be used. Many MBA students, upon graduating, join small-or medium-sized companies, usually privately-owned, and sometimes family-owned as well. Others start their own businesses. Managerial or corporate finance, in contrast, typically focuses on the problems and decisions of large publicly owned corporations. The intention of the current proposal is to take advantage of the recent surge in textual materials in small business and entrepreneurial finance, and make a course in this area available to our students. This course was offered on Dean's Permission in the 2006-07 calendar year. It will be offered again on Dean's Permission in 2007-08. We are now requesting its inclusion in the MBA calendar, effective 2008-09.				

1. STATEMENT OF PURPOSE (How does the course fit into the department's program?) To provide students with the skills and knowledge in those areas of business that lead to successful entrepreneurship and /or small business management.
2. EXPECTED ENROLMENT: 25
3. DESCRIBE IN DETAIL THE METHOD OF PRESENTATION OF COURSE MATERIAL (i.e., lectures, seminars): A combination of lectures, discussion and problem solving.
4. DESCRIBE IN DETAIL THE METHOD OF EVALUATION: (For 600-level course, indicate the <u>Extra Work</u> to be required of graduate students, i.e., exams, essays, etc.) Class participation, group projects and exams.
5. TO PREVENT OVERLAP, IS A COURSE IN THE SAME OR A RELATED AREA OFFERED IN ANOTHER DEPARTMENT? IF YES, PLEASE ATTACH TO THIS FORM ANY RELEVANT CORRESPONDENCE WITH THE OTHER DEPARTMENT(S). NO.
6. IF THE COURSE IS INTENDED PRIMARILY FOR STUDENTS OUTSIDE YOUR DEPARTMENT, DO YOU HAVE THE SUPPORT OF THE DEPARTMENT/PROGRAM CONCERNED? N/A

SGS/November 2005

To: The Graduate Curriculum and Program Committee

From: Dr. Ashish Pujari, Chairman, SML & HSM Area

Date: Jan 30, 2008

Re: Area Recommendations on Graduate Curriculum and course changes

An Area meeting was held on Jan. 25, 2008 to discuss the graduate course and curriculum change proposals. Following are the SML & HSM Area recommendations to the Graduate Curriculum and Program Committee for their consideration.

1. Graduate Curriculum change proposals

(A) Strategic Business Valuation (SBV) Specialization:

Recommendation A1:

The SML&HSM Area recommends that following changes are made in the SBV specialization to standardize the course names and listings for two of the courses offered as part of the SBV Specialization and Minor:

Strategic Business Valuation Specialization

Current Listing:

V702 Investor Psychology/Behavioural Finance
F724 Venture Capital (V705 for Fall 2007)

Recommended change:

V702 Behavioural Finance (Anti-requisite F726)
V705 Venture Capital (Anti-requisite F724)

Minor in SBV:

Current Listing:

V702 Investor Psychology/Behavioural Finance
F724 Venture Capital (V705 for Fall 2007)

Recommended change:

V702 Behavioural Finance (Anti-requisite F726)
V705 Venture Capital (Anti-requisite F724)

(B) A Change in designation of the “M741 Crisis Management and Communications” course.

Recommendation B1:

The SML&HSM Area recommends that the “M741 Crisis Management and Communications” course be given a “P” designation and a new number.

Rationale: It is inaccurate and misleading to give an “M” (marketing) designation to the Crisis Management & Communications course. The Crisis Management & Communication course is not a “Marketing” related course, and is not and should not be taught under the marketing discipline. Crisis Management & Communication course should be and has always been taught (in any other school) under the strategic management/strategy/policy discipline.

(C) Health Services Management Specialization:

Recommendation C1:

The SML&HSM Area recommends that the following changes are made in the Health Services Management Specialization:

- To cancel/delete C751- Health Informatics from the Calendar.
- To cancel/delete C723- Comparative Health Care System from the Calendar.
- To cross list C711 with Faculty of Health Sciences for students in the Health Research Economics Methodology program.
- To enlist C741-Health Care Marketing in both HSM and Strategic Marketing Specialization as follows:

HSM Specialization

Current Listing:

C741 Health Care Marketing

Recommended Listing

C741 Health Care Marketing (Anti-requisite M722)

Strategic Marketing Specialization

Add to the list of “five of the following”:

M722 Health Care Marketing (Anti-requisite C741)

Minor in Strategic Marketing

Add to the list of “three of the following”

M722 Health Care Marketing (Anti-requisite C741)

Rationale: Marketing issues in health care industry is of interest to all students. As health care becomes one of the most important social, business and political issues in the country, a course in Health Care Marketing would benefit all students. A thorough understanding of frameworks and tools that are specifically applied in the health care sector for marketing of programs, educating public and patients, and quality of health care delivery will be crucial for students in their jobs.

P745: Corporate Governance:

Recommendation D1:

The SML&HSM Area recommends that the status of the P745- Corporate Governance course be changed from ‘Dean’s permission’ to full status MBA elective in the Strategic Marketing Specialization and enlist this course as an elective in Accounting and Financial Management Services Specialization, Management Accounting Specialization and Accounting and Financial Management Services Minor.

The Accounting and Financial Management Services Area has unanimously passed a motion to include P745- Corporate Governance as an elective in Accounting and Financial Management Services Specialization, Management Accounting Specialization and Accounting and Financial Management Services Minor. Correspondence from the AFMS Area is attached.

(D) Strategic Marketing and MINT Specializations:

Background and Rationale: There are three inter-related courses at present and the common underlying theme is innovation: Strategic management of Technology (B730), Innovation (P724), and New Products (M735).

As innovation activities become more pervasive in business and industry, development and marketing of new products tend to become part of the overall innovation framework within the firm. Firm innovativeness and new product innovation and development are increasingly linked. New product or service innovation, development, marketing and diffusion of innovation stem from the broader framework of innovation theories and frameworks. Students will be better served if Innovation and New Products/Services are studied in a more integrated and holistic manner, hence creating a new course by merging the courses- Innovation, and New Products. This would also make a clear distinction in content and learning objectives between Strategic Management of Technology and the new proposed course Innovation and New Products.

Recommendation E1:

The SML&HSM Area recommends that existing courses P724 (Innovation) and M735 (New Products) be merged to create a new course as “M735- Innovation and New Products” replacing both existing courses P724 (Innovation) and M735 (New Products) from the Strategic Marketing Specialization as well as from the Strategic Marketing Minor electives list.

Recommendation E2:

The SML&HSM Area recommends that P724 (Innovation) be replaced by the new proposed course M735 (Innovation and New Products) as a required course for MINT specialization as well as MINT Minor.

Recommendation E3:

The SML&HSM Area recommends that the existing course M735 (New Products) be replaced as an elective from the MINT specialization as well as from the MINT minor electives list.

Recommendation E4:

The SML&HSM Area recommends that P741 (New Venture Creation) be offered as an elective in MINT Specialization replacing the existing elective course M735 (New Products), and is added to the MINT minor elective list.

Recommendation E5:

The SML&HSM Area recommends that the F724 Venture Capital course be added to the MINT Specialization and MINT Minor electives list:

Rationale for adding P741 (New Venture Creation) in the MINT Specialization and Minor lists:

P741 is a good fit for MINT specialization and MINT Minor as it provides specific issues relating to new venture creations- business model (including new technologies-based models), processes, frameworks, tools etc.

Rationale for adding F724 (Venture Capital) in the MINT Specialization and Minor lists:

F724 is a good fit for MINT specialization and MINT Minor as it provides specific content relating to Venture Capital especially the financial issues. This course would be attractive to those with interest in MINT as well as in venture capital issues, investment banking and entrepreneurial issues.

The existing MINT Specialization:

MANAGEMENT OF INNOVATION AND NEW TECHNOLOGY

Required:

P700 Business, Government and the Global Environment

P720 Strategic Management

B730 Strategic Management of Technology

P724 Innovation

and three of the following:

C727 Pharma/Biotech Business Issues

K725 Business Process Reengineering

K731 Project Management

K735 Managing Implementation of the Enterprise Systems

M735 New Products

P715 Entrepreneurship

P727 Strategic Knowledge Management

P734 Current Issues in the Management of Innovation and New Technology

P737 Profiting from Intellectual Property

3 electives

The Proposed MINT Specialization:

MANAGEMENT OF INNOVATION AND NEW TECHNOLOGY

Required:

P700 Business, Government and the Global Environment

P720 Strategic Management

B730 Strategic Management of Technology

M735 Innovation and New Products (proposed new course)

and three of the following:

C727 Pharma/Biotech Business Issues

K725 Business Process Reengineering

K731 Project Management

K735 Managing Implementation of the Enterprise Systems

P715 Entrepreneurship

P727 Strategic Knowledge Management

P734 Current Issues in the Management of Innovation and New Technology

P737 Profiting from Intellectual Property

P741 New Venture Creation (proposed addition to the electives list)

F724 Venture Capital (proposed addition to the electives list)

3 electives

**Minor
MINT**

Existing:

B730 Strategic Management of Technology

P724 Innovation

And one of the following:

C727 Pharma/Biotech Business Issues

K725 Business Process Reengineering

K731 Project Management

K735 Managing Implementation of the Enterprise Systems

M735 New Products

P715 Entrepreneurship

P727 Strategic Knowledge Management

P734 Current Issues in the Management of Innovation and New Technology

P737 Profiting from Intellectual Property

P741 New Value Creation (Proposed addition to the elective list)

**Minor
MINT**

Proposed:

B730 Strategic Management of Technology

M735 Innovation and New Products (Proposed New Course)

And one of the following:

C727 Pharma/Biotech Business Issues

K725 Business Process Reengineering

K731 Project Management

K735 Managing Implementation of the Enterprise Systems

P715 Entrepreneurship

P727 Strategic Knowledge Management

P734 Current Issues in the Management of Innovation and New Technology

P737 Profiting from Intellectual Property

P741 New Value Creation (Proposed addition to the elective list)

F724 Venture Capital (proposed addition to the electives list)

The existing Strategic Marketing Specialization:

STRATEGIC MARKETING

Required:

P700 Business, Government and the Global Environment
P720 Strategic Management

and five of the following:

M713 International Marketing Management
M718/28 Selected Topics in Marketing
M721 Business Marketing
M727 Marketing Communication
M731 Marketing Research
M732 Consumer Behavior
M734 Strategic Marketing Analysis
M735 New Products
M736 Services Marketing
M740 Corporate Reputation and Brand Management
M741 Crisis Management and Communications
P715 Entrepreneurship
P724 Innovation

The Proposed Strategic Marketing Specialization

STRATEGIC MARKETING

Required:

P700 Business, Government and the Global Environment
P720 Strategic Management

and five of the following:

M713 International Marketing Management
M718/28 Selected Topics in Marketing
M721 Business Marketing
M722 Health Care Marketing
M727 Marketing Communication
M731 Marketing Research
M732 Consumer Behavior
M734 Strategic Marketing Analysis
M735 Innovation and New Products (proposed new course)
M736 Services Marketing
M740 Corporate Reputation and Brand Management
P731 Crisis Management and Communications
P715 Entrepreneurship
P745 Corporate Governance

Minor
Strategic Marketing
Existing

Three of the following:

M713 International Marketing Management
M718/28 Selected Topics in Marketing
M721 Business Marketing
M727 Marketing Communication
M731 Marketing Research
M732 Consumer Behavior
M734 Strategic Marketing Analysis
M735 New Products
M736 Services Marketing
M740 Corporate Reputation and Brand Management
M741 Crisis Management and Communications
P715 Entrepreneurship
P724 Innovation

Minor
Strategic Marketing
Proposed

Three of the following:

M713 International Marketing Management
M718/28 Selected Topics in Marketing
M721 Business Marketing
M722 Health Care Marketing
M727 Marketing Communication
M731 Marketing Research
M732 Consumer Behavior
M734 Strategic Marketing Analysis
M735 Innovation and New Products
M736 Services Marketing
M740 Corporate Reputation and Brand Management
P731 Crisis Management and Communications
P715 Entrepreneurship
P745 Corporate Governance

A Note from the Area to the
Graduate Curriculum and Program Committee, Dean and Assoc. Dean

Health Services Management Specialization: Concerns about lack of HSM Awareness and Knowledge at 600 level.

Serious concerns were raised in the Area meeting that co-op students go to their placements in the health care sector after term 1 and term 2 without any awareness or knowledge of the Health Service Sector. The SML & HSM Area is very concerned that this puts DeGroote's co-op reputation and HSM specialization's reputation under significant risk.

Historically HSM has been the only major MBA specialization without an introductory course. As the health sector becomes more complex and intricate, a formal introductory course becomes more valuable and needed. Co-op students may go for their work terms after term 1 or term 2 to public healthcare, pharmaceutical firms, medical device manufacturers, laboratories, biotechnology, charities, etc. but will not have read anything about health services sector in their first year of MBA. Before going to their work terms, it is important to understand the multi-facets of the sector and the interdependencies among them in order to enrich their work term experience as well as enhance the reputation of DeGroote by showing leadership in the work they would do in their co-op work terms.

The Area strongly urges the GCPC and the School to consider options (e.g. a C600 course) that can help alleviate the concerns discussed above. Further, HSM faculty members hear from employers, alumni and students that an introductory course on Health Service Sector is needed.

---------------------	--	---

OTHER	☒	EXPLAIN: Anti-requisite M735 and Anti-requisite P724
-------	-------------------------------------	---

BRIEF DESCRIPTION FOR CALENDAR - Provide a brief description (maximum 6 lines) to be included in the Graduate Calendar.

This course puts emphasis on understanding innovation as a management and creative process and investigates theories and frameworks of innovation in the firm. The course also investigates the firm innovation and development and marketing of new products and services. The course covers topics relating to innovation theories, firm innovativeness, internal processes and external linkages in innovation process, product innovation strategy, new product development process, idea generation, screening and evaluation, product design, product portfolio management and launch strategy.

CONTENT/RATIONALE - Provide a brief description, i.e., outline the topics or major sub-topics, and indicate the principal texts to be used.

As innovation activities become more pervasive in business and industry, development and marketing of new products tend to become part of the overall innovation framework within the firm. Firm innovativeness and new product/service innovation development activities are increasingly linked. New product or service innovation, development activities, marketing and diffusion of innovation stem from the broader framework of innovation theories and frameworks. Students will be better served if Innovation and New Products/Services are studied in a more integrated and holistic manner, hence creating a new course by merging the courses- Innovation, and New Products. This would also make a clear distinction in content and learning objectives between Strategic Management of Technology and the new proposed course Innovation and New Products. Topics: Innovation Theories; Innovation Types: incremental, modular, architectural, radical, product, process, market, disruptive, organizational, complementary; New Product and Service Innovation process: Stage-Gate- idea generation, idea and concept testing, business case, development, market testing and new product/service launch; Innovation and Product Portfolio Management; Innovation and NPD/NSD performance; Innovation and firm performance; Societal perspectives on Innovation.
Text: TBA

1. STATEMENT OF PURPOSE (How does the course fit into the department's program?)

This new course will be a required course for MINT specialization and and elective for Strategic Marketing specialization and Strategic Marketing Minor.

2. EXPECTED ENROLMENT:

35 each term

3. DESCRIBE IN DETAIL THE METHOD OF PRESENTATION OF COURSE MATERIAL (i.e., lectures, seminars):

Lectures, case discussion, case presentation, company project, case assignment.

4. DESCRIBE IN DETAIL THE METHOD OF EVALUATION: (For 600-level course, indicate the Extra Work to be required of graduate students, i.e., exams, essays, etc.)
