Dear Researcher(s)

This amendment for MREB#5194 entitled "Coming Out to Care: The Experiences of 2SLGBTQ+ Carer-Workers in Canada " has been reviewed and cleared by the MREB to ensure compliance with the Tri-Council Policy Statement and the McMaster Policies and Guidelines for Research Involving Human Participants.

The amendment request is cleared as presented without questions or requests for modifications.

The amendment request is cleared as revised without questions or requests for modification.

If this project includes planned in-person contact with research participants, then procedures for addressing COVID-19 related risks must be addressed according to the current processes communicated by the Vice-President (Research) and your Associate Dean (Research). All necessary approvals must be secured before in-person contact with research participants can take place.
